Objective

I am looking for an opportunity to contribute to a company where my skills as a product strategist and development leader can help deliver superior software on time at a high quality. Tech leadership, mobile development, product strategy, engineering management.

Experience

Via TRM / Vice President of Product and Engineering

OCTOBER 2019 - PRESENT, Austin, Texas and Boulder, Colorado

Brought reliability and scalability to platforms used across the world by students at almost 100 universities and institutions. Introduced new products to the space that reduce risk management and engage with students via social media. Managed a product engineering team and roadmap for the future of the product. Measure, analyze, improve always.

API Abroad / Vice President of Technology

SEPTEMBER 2018 - AUGUST 2019, Austin, Texas

Responsible and managed full IT functions including software development and technology operations. Architected, negotiated and rolled out an ecosystem of world class SaaS solutions and updated best-in-breed custom software implementations.

Algebraix Data / Mobile Architect and Product Manager

JULY 2017 - JANUARY 2018, Austin, Texas

Member of the executive team responsible for developing mobile crypto wallet. Worked closely with brilliant developers to reduce roadmap timeline to fraction of initial estimates. As a member of a startup, ran marketing initiatives and wore many hats to help bring product to fruition.

Exhilent Mobile / Chief Technology Officer and Founder

SEPTEMBER 2012 - JUNE 2017, Austin, Texas & New York, New York

Started and grew our development company to a 10 person team with an additional several dozen contracted professionals. Our notable clients include Bosch, ESPN, MacTools, Akron General, Disney, San Antonio Spurs and a dozen smaller business entities where our expertise delivered state of the art mobile and web solutions.

BestFit Mobile / Vice President of Development

SEPTEMBER 2011 - AUGUST 2012, Austin, Texas

Managed multinational teams of several dozen developers responsible for delivering mobile and web solutions for top tier clients. Worked closely with firms like Michaels, Carson Wealth, Herbalife, Harris Teeter, ESPN, AT&T, Movember and many more, to deliver best in class mobile apps.

Education

University of Texas at El Paso / English, Philosophy, Literature

August 1988 - September 1992, El Paso
